YOUR COST	YOUR CATERING	OUR ENVIRONMENT
<p>Frost &amp; Sullivan, May 2009 Airlines are holding billions in excess of inventory (not 1000% overstock of trolleys).</p> 	<p>IATA, 2007 Over \$ 800 million yearly can be saved in optimizing airline catering.</p> 	<p>IATA, June 2007 The final challenge is for airlines to implement green strategies across the business. This will place environment alongside safety and security as a core promise to our 2 billion passengers.</p>
