

Context

| YOUR COST | YOUR CATERING | OUR ENVIRONMENT |
|---|---|--|
| <p>Frost & Sullivan, May 2009 Airlines are holding billions in excess of inventory (not 1000% overstock of trolleys).</p>  | <p>IATA, 2007 Over \$ 800 million yearly can be saved in optimizing airline catering.</p>  | <p>IATA, June 2007 The final challenge is for airlines to implement green strategies across the business. This will place environment alongside safety and security as a core promise to our 2 billion passengers.</p>  |
